Famous King Land Case.

Huntington, W. Va., April 11.—The trial of Colonel V. A. Wilder, of New York, a representative of Henry C. King, of that city, plaintiff in the King land case, a suit involving the title to 500,000 acres of fine virgin forest and the homes of 2,000 people, began in the Federal Court here today. Wilder was indicted upon the charge of conspiracy in attempting to bribe witnesses.

Since Wilder's indictment a year ago many other sensational incidents have grown out of the case, among them being impeachment proceedings against ex-Governor G. W. Atkinson, now United States District Attorney, and others of equal prominence. The proceedings against these officials have, however, been dismissed, there being no grounds for the charges alleged.

No case in the history of the States of Virginia and West Virginia has ever attracted such wide attraction or been productive of a greater number of scandals than the original King land suit, out of which the Wilder case grew, and some branch of which is still pending in nearly every Court of each of those states. The trial of Colonel Wilder promises to be sensational, and its outcome will likely have important influence upon the issue of the main case. More than a dozen of the ablest attorneys of the two states are participating in the trial, and the court house is thronged with crowds eager to hear the sharpest legal battle that ever occurred in West Virginia.

MILLET, W. VA.

Work on tunnel No. 7 is almost completed and the commissary will soon close.

East end of tunnel No. 6 is going on at full speed.

Quite a little scrap occurred last Sunday between Tom Pack and Josh Endicott, in which three shots were fired, only one taking effect and probably fatally wounding Endicott. They had had former trouble and only needed a few drinks of whisky to renew the matter.

On last Saturday and Sunday the officers made a raid on the "whisky dens" so we find most of them over in Kentucky. Some of them have already closed and we think a few more raids will break this business up; then we can have peace, but not until this is done.

DO IT TO DAY.

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Roscoe's German Syrup, which has been in use for thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size 75c. At all druggists.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost white, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c. guaranteed, at A. M. Hughes drug store.

The New Pension Order.

Washington, April 15.—To make clear the actual effect of provisions of the recent age pension order of Commissioner Ware, about which a large number of inquiries are being made, the following official statement was made today:

"There appears to be an impression among many of the old soldiers that allowances of pension under the age order of the commission of Pensions are in addition to pensions allowed heretofore. "This is an erroneous idea of the order. The law prohibits the payment of more than one pension for the same period, and the effect of the order on those having a pension already only will be to increase such pension up to the age limit, if the pension already drawn is below that amount."

When the stomach fails to perform its functions the bowels become congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. Hughes.

Vance, Miss., April 8.—Judge T. H. Paynter, of the Supreme Court of Kentucky, killed a bear near this place yesterday. Goudecock, New Orleans, and several distinguished citizens of the Bluegrass State. The bear was the first wild one that Judge Paynter ever saw.

AS A TONIC

For Convalescing Invalids Pe-ru-na is Unequaled.

Mr. Val. Schmidt, one of the founders and charter members of California Tent No. 6, Knights of the Maccabees, the second largest tent in the state (having nearly 700 members.) There are about 3,000 members of the order in the city and with all of them Mr. Schmidt is immensely popular. In a recent letter from 3420 Wilshire Boulevard, Los Angeles, Cal., he writes: "Some months ago while prosecuting my calling of miner, I contracted the so-called deadly mountain fever and was confined to a bed from which I had little hopes of ever arising. "I tried many remedies and doctors without any favorable results, until having lost twenty pounds of flesh I was induced to try Peru-na, and after the use of nine bottles I was completely cured and am as hale and hearty as my picture shows, and intend to stand by it, and am still taking it as a tonic, as I feel that nothing gives me more strength when I am worn out than Peru-na. "I always speak a good word for it." VAL. SCHMIDT.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

OUR NEIGHBORS.

Wm. E. Scott, an old resident of this county, and who moved to Greenup county, died a few days ago. He had a paralytic stroke and had become entirely helpless. —Salersville News.

Greenup, Ky.—Nathan Stephenson, aged seventy years, a farmer, committed suicide by drowning in the Ohio river. His home was at Mt. Zion, this county. His widow was his third wife, and she had been married four times.

The men here looking after the Duvalle and, which they had recently purchased, found that the court house and part of the town of Salersville were in their boundary. There were no large tracts of land in Magoffin that are not owned by residents, and their titles are good. It would be all right to buy land of speculators, if some one else did not have a house and other things on top of the land.—Salersville News.

Pike Prisoners Escape.

Five desperate criminals confined in the Pike county jail broke out last night by prying off a sheet of iron from the inside of the cage and using it to break a bar in the door. They were Richard Clay, charged with helping kill a man named Shortridge; George Hackney, for stealing a mule; Alex. Stanley, —housebreaking; York Williamson, banding; Geo. Pennington, robbing stores and post-offices. There is a standing reward of \$50 for the capture of Hackney by the Governor of Kentucky, \$200 for that of Pennington by the Government for postoffice robbery. No blame is attached to the jailer as there was nothing in their cells. The prisoners used their hands to pry off the piece of sheet iron. Only one prisoner was left, and he was so badly wounded that he could not travel.—Pikeville Times.

Announcement.

We are authorized to announce
JAMES N. KEHOE
as a candidate for Representative in Congress from the Ninth District of Kentucky, subject to the action of the Democratic party.

It now looks as though Judge Parker will be nominated by the Democrats for President. If this occurs the NEWS will be "one of the originals" as his name was hoisted in our columns several months ago. Judge Parker is a clean, strong and able man.

Congressman Kehoe has announced himself a candidate for re-election. The district never had a Representative who gave better satisfaction and it is not likely that Mr. Kehoe will have any opposition. The people of the Ninth are, no doubt, willing and anxious to keep Mr. Kehoe in their service for some time yet.

I believe the people need some instruction on this subject.

Among the immediate improvements contemplated by the C. & O. railroad is the laying of heavier steel rails on the eastern end of the Lexington division from Mt. Sterling to Ashland.

The seventy-pound rail, in use will be replaced by ninety-pound rails, which, it is claimed, are better adapted to heavy grades through the mountains. The old rails will be used on the Big Sandy extension and for repairing siding. It is probable that an extra force of men will be required to facilitate the work, which will begin in the near future.

Langhorne-Reynolds.

A wedding took place here last
Tuesday evening so quietly that
the announcement came as a sur-
prise to most of our people. The
parties were Mr. E. K. Langhorne
and Miss. Sadie Reynolds. The
ceremony took place at the resi-
dence of Rev. S. F. Reynolds, father
of the bride, at eight o'clock.
Rev. L. M. Copley officiated. Only
the members of the bride's family
witnessed the ceremony. After
the marriage the couple went to
the Arlington Hotel, where they
have rooms.

The bride is one of Louisa's
prettiest young ladies, as well as
one of the most popular. She is
bright and genial, and worthy in
every respect, being a girl of the
highest character.

Mr. Langhorne is a son of the
wealthy Virginia contractor, C. D.
Langhorne. He has been in this
section during the past two years,
engaged on extensive contract
work for the C. & O. railroad. He
met the attractive young lady who
is now his bride several months
ago, and the close attention paid
her foretold the result.

In this connection it may be of
interest to note that Mr. Lang-
horne is a brother of Mrs. Gibson,
wife of the famous New York
artist. She and a sister are num-
bered among the most beautiful
women in America, and it is said
the artist got his inspiration for
the famous "Gibson Girl" pictures
from their faces.

The best wishes of their friends
are extended to these young people,
and all hope they may enjoy lives
of happiness and prosperity. We
should be glad to have them make
Louisa their home, but have not
learned what their intention is in
this particular. Mr. Langhorne is
a member of the contracting firm
of Langhorne & Roberts, who have
a large amount of work on the C.
& O. line between Whitehouse and
Cattlettsburg.

Sam Dock Smith, the special offi-
cer who has charge of the guards
for the Camden Company in Ken-
tucky and West Virginia, has
been in front for several days
confering with the managers of
Hamilton Furnace at Hanging
Rock. It is not known what ac-
tion the company intends to take,
but it seems that they are consid-
ering placing guards at their
plant.—Ironton Irononian.

Detective Sam Dock Smith, who
is credited with practically break-
ing the Camden Street Railway
strike at Huntington and Ashland
is at Hanging Rock, where the
furnace workers are on a strike.
It is understood the furnace prop-
erty will be picketed and the plant
operated.—Portsmouth Blade.

This has been the hardest season
ever known here on those depend-
ent upon tides in the river. It
was a year last Saturday since
there was a good stage of water
in the creeks of the Big Sandy Val-
ley, so we are told by interested
parties. Pikeville has enjoyed
not more than half a dozen visits
from steamboats within the last
twelve months. No such a lack
of water was ever before known in
Big Sandy. The Yellow Poplar
Lumber Company and Vansant,
Kitchen & Co. are suffering heav-
ily because of this fact. They have
a large quantity of timber that has
been cut about two years, and it is
being damaged very consider-
ably.

Friday, accompanied by Mr.

main permanently. Their depart-
ure is sincerely regretted by all

OUT OF THE RUT.

A New Establishment That Brings a New Line of Goods.

By the acquisition of Shipman &
Ragland, Louisa's mercantile fa-
cilities have been broadened very
considerably. They are carrying
qualities and styles of goods that
have not been handled here before.
Mr. Shipman resigned a good
position with Graves, Cox & Co.
the leading clothing and furnish-
ings firm of Lexington, Ky., in
order to go into business in Louisa.
He not only knows the ready
made clothing business thoroughly
but also the custom work. He
takes measures for clothing of all
kinds and guarantees satisfaction.
His line of custom goods consists
of pieces of cloth large enough to
show how the suit will look. Step
in and look them over and see how
reasonable the prices are.

Mr. Ragland was for several
years a traveling salesman for a
large shoe manufactory. His
knowledge of shoes is thorough
and he pays particular attention
to this part of the business in this
new store. He is also an expert
fitter, having had long experience
in a large retail shoe store as a
fitter and salesman. Thus, all de-
partments of the establishment
are in the hands of specialists.

You can buy clothing, collars,
ties, hose, shirts and shoes here fit
to wear anywhere, without feeling
that perhaps you look like a "back
number," or an advertisement for
a "job lot" house. Their goods
are reasonable and you can de-
pend upon them as such. If you
have not heretofore been able to
find suits here for your boys, try
Shipman & Ragland. See their
line of Cluett & Peabody collars
direct from the factory. Those
who have seen their ties say that
no such stylish and varied line
has ever before been seen here.

This is the time of year when you
should buy good shirts. Hot
weather will soon be here and you
can not look presentable in faded
shirts. S. & R.'s line is up-to-date.
Top the outfit with a suitable hat
selected from this tasteful stock
and you will be happy all summer.
Particular attention is
called to the fact that they carry
Krippendorfs' and Drew Selby's
ladies foot wear on both narrow
and wide lasts. This enables
them to fit any lady perfectly, a
fact that will be appreciated.
After all their stock gets it will
no longer be necessary to buy shoes
from the city.

Spring Poetry.

I say, old chap—Winter, I mean—
Don't you think it is time to go?
Ever since November last,
With ice and sleet and chilly blast
You've given us little but
snow.

Once we really thought you'd gone.
The blue birds came and sang awhile.
The blossoms threw their scents afar.
And the nights were wild; while the
evening star
Looked on an earth alight with a smile.
But, say old fellow, what's this we see?
The birds are hushed, the blossoms
black.

The clouds hide the face of the evening
star,
And the flowers that threw their scents
afar
Seem sorry that they so soon came
back.

And, say, old fellow, quit being a flirt!
It's not becoming an old thing like you
Thus to sit in the lap of Spring.
You know she's a giddy, silly thing
And cannot help the things you do.
So quit your fooling and let her be.
Be off with your ice and nasty snow.
Pack your grip; and next December—
Not earlier, though, you'll please
remember—
You may come and give us another
blow.

SALT PETER, W. VA.

The work on the railroad has
opened again for the season. Box-
ley & Sons have a large force of
men at Billup's branch. Susan
Crane was the guest of Minnie and
Lillian Holt Sunday. Jay and
Fred See are at home, after attend-
ing school at Fallsburg. Mrs.
Elsworth Staeberry, of Donthan,
spent Sunday with her sister, Mrs.
Lon See. Whooping cough and
measles are raging in the families
of C. F. and Lon See. Dan Skeens

Williamson Wednesday. Frank
Wheeler was a pleasant visitor
here Sunday. Ira See contem-
plates a visit to Deephole soon.

Farmers are farther behind in
their work than ever before. Miss

who has been visiting her uncle,
M. C. Peck, has returned home.
Harvey Peters, of Little River, was
here on business last week. Miss
Nizzia Williamson will leave next
week for Lexington to attend
school. Paulina Pauley spent

J. C. Thomas and wife came
home from Cincinnati Saturday,
where they have been for several
weeks. Mr. Thomas returned there

that will keep him busy for two or
three months. He is putting in a

The Telephone Service.

The Louisa telephone system
has been thoroughly overhauled
and is now in good working or-
der. The switch-board is at the
residence of Mrs. Elizabeth Hatch-
er.

The telephones already installed
are as follows:
Sullivan & Stewart's law office.
Wholesale Grocery house.
Louisa Milling Company.

U. S. Engineer's office.
B. F. Thomas' residence.
J. C. Thomas' residence.
Conley's Store.
Aug. Snyder's residence.
Snyder Hardware Co.
T. J. Snyder's residence.

There are others to be put in as
soon as telephones are received.
The free use of phones by persons
or for persons not subscribers is
positively prohibited, and a charge
will be made for each case of this
kind. Subscribers are allowed to
use any phones other than their
own without charge. A fee of 10c
is charged for use of the local sys-
tem, and 25c for connection with
country points. The lines to Webb-
ville and to Echo, W. Va., are con-
nected with the switch-board and
are in good working order. Persons
desiring to use these are requested
to do so at the Snyder Hardware
Co. store or at the switch-board.

The Water Works.

W. E. Cox, who bid in the last
franchise sold for water works in
Louisa, wrote the City Clerk last
week that he would begin the work
of putting in the plant within
thirty days. It is now reported,
however, that he is confined to his
bed at Pikeville with an attack of
fever. Mr. Cox has gone right
along and made all necessary ar-
rangements, so he reports, and as
this is not his first experience in
building water works, he ought to
know how to proceed in such mat-
ters.

This will be a big help to Louisa,
and according to the estimates
made it will also prove a good pay-
ing investment to the owners.

The next thing in order is to
make a pull for some factories and
mills. We have various kinds of
raw material all around here and
this will soon be a fine shipping
point. We can secure some indus-

The telephone lines are working
nicely from here to Blaine and from
here to Louisa.

ought to see that they are kept in order.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.
Fill a bottle or comm. glass with your water and let it stand twenty-four hours. A sediment or scaling indicates an unhealthy condition of the kidneys. It is evidence of kidney trouble. Too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this generous offer in this paper.

Are you a Dyspeptic?
If you are a dyspeptic you owe it to yourself and friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but it is palatable, reconstructive tonic, digests the food you eat, sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. GOOD SPIRITS.
Good spirits don't all come from Kentucky. Their main source is the liver, and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver on the hundred-and-one ill effects it produce. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size 25c; regular bottles, 75c. At all druggists.

Try for Health
223 South Peoria St., Chicago, Ill., Oct. 7, 1902. Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

WINE OF CARDUI
Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?
